DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1- 23 are drawn to an electro – optical device, classified in class 359, subclass 245.
 - II. Claims 24 – 25 are drawn to a method of forming an optical device, classified in class 438, subclass 319.
2. Inventions II and I are related as process of making and product made. The inventions are distinct if either or both of the following can be shown: (1) that the process as claimed can be used to make other and materially different product or (2) that the product as claimed can be made by another and materially different process (MPEP § 806.05(f)). In the instant case the product electro – optical device, can be made materially different process (e.g., a surface micro-machining technique).
3. Because these inventions are distinct for the reasons given above and the search required for Group II is not required for Group I, restriction for examination purposes as indicated is proper.
4. During a telephone conversation with Bo – In Lin on September 15, 2003 a provisional election was made without traverse to prosecute the invention of I, claims 1- 23. Affirmation of this election must be made by applicant in replying to this Office

Art Unit: 2873

action. Claims 24- 25 are withdrawn from further consideration by the examiner, 37 CFR 1.142(b), as being drawn to a non-elected invention.

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

EXAMINER'S AMENDMENT

6. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Bo – In Lin on September 15, 2003.

Cancel the claims 24 – 25.

Oath/Declaration

7. Oath and declaration filed on 1/16/2002 is accepted.

Allowable Subject Matter

8. Claims 1- 23 are allowed.

9. The following is an examiner's statement of reasons for allowance: The prior art taken either singularly or in a combination fails to anticipate or fairly suggest the limitations of the independent claims, in such a manner that a rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in independent claims 1 and 21, for example which include an optical device comprising : two face – to – face freestanding membranes each supported near a top surface on one of two bonded substrates for defining a resonant cavity between the two membranes and each of substrates having an entire bulk portion opposite the cavity etched off as a bulk micro-machining opening extended from each of the membranes through a bottom surface of the substrates .

10. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The closest prior art

Flanders (6,373,632 B1) a tunable Fabry-perot filter includes an optical cavity bonded by a stationary reflector and a deformable or movable membrane reflector.

Huang et al (US 2002/0054416 A1) discloses an array of multi - channel optical attenuating devices.

Goossen et al (5,500,761) discloses a method and apparatus for modulating an optical signal using a micromechanical modulator are disclosed.

Art Unit: 2873

11. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
